SUMMARY

Interaction Design MA student at MOME with a Google UX Design certificate. I work in Figma from user requirements through wireframes and prototypes to documented UI components, and I can plan a project on my own. I care about clear documentation and like presenting my design decisions to the team.

SKILLS

UX/UI design: user requirements, user flows, wireframes, interactive prototypes, UI for new and existing software
Component libraries: building and maintaining Figma components, variants, auto layout, usage docs
User research: interviews, surveys, usability testing, stakeholder mapping, accessibility (WCAG)
Documentation: writing up design decisions, presenting them to the team, design handoff
Tools: Figma, FigJam, Miro, HTML, CSS, JavaScript (basics, I coded my own portfolio site)
AI tools: Claude, ChatGPT, Figma AI (ideation, research synthesis, quick prototype versions)
Languages: Hungarian (native), English (C1)

SELECTED PROJECTS

Knitting and crochet app – Component library | MOME, 1 semester
• Built the app's Figma component library with variants, auto layout and usage notes for every component.

Granta – Grant-matching assistant for SME owners | Case study in portfolio
• Designed a tool that helps small business owners find grants that fit them, from user flows to prototype.

Locus – Period poverty support platform | MOME, solo, 1 semester | Case study in portfolio
• Designed a community-based platform that makes period poverty support in Budapest easy to find.
• Did 11 interviews across 5 stakeholder groups, then built the IA, user flows and prototypes, and changed them after user testing and WCAG checks.

REMI – Reminiscence therapy robot | 3-person team, 1-week design sprint
• Designed a robot that supports photo-based reminiscence therapy for people living in nursing homes.

Other collaborations: Mercedes-Benz (Aura, car interior concept for families with kids); OTP Bank (UX project, under NDA); TDV India – Resilience in the Wake of the Monsoon

WORK EXPERIENCE

Pharmacy Assistant, Aranyszirom Pharmacy | Budapest | 2023–2026
• Customer-facing work every day: listening, explaining clearly and staying calm when things go wrong.

EDUCATION

MA Interaction Design (in English), Moholy-Nagy University of Art and Design | Budapest | 2025–present

Google UX Design Professional Certificate, Coursera | 2024–2025

BA Designer Maker – Glass Design, Moholy-Nagy University of Art and Design | Budapest | 2022–2025
